1. **Section E.2 ("Human trafficking")**

The entry for the status of implementation of Economic and Social Council resolution 2013/41 should read as follows:

> Implementation is ongoing, but additional extrabudgetary resources will be needed to ensure full implementation. UNODC continued to integrate the Global Plan of Action into its programmes and activities. UNODC also continued to provide Member States, upon their request, with technical assistance in the field of trafficking in persons as set out in document E/CN.7/2015/2-E/CN.15/2015/2, paragraphs 23-27. There was a growing interest by Member States in technical assistance on trafficking in persons in the reporting period, but further expansion of the technical assistance programme is dependent on receiving additional extrabudgetary funding.

continued supporting the United Nations Voluntary Trust Fund for Victims of Trafficking in Persons, Especially Women and Children, and a new global call for proposals for the financing of civil society projects was launched in 2014.

The Inter-Agency Coordination Group against Trafficking in Persons continued its work, including the development of joint policy papers. Further enhancement of its activities is dependent on the receipt of extrabudgetary resources.

2. Section E.2 ("Human trafficking")

The entry for the status of implementation of General Assembly resolution 67/190 should read as follows:

Implementation is ongoing. The General Assembly, in its resolution 64/293, in which it adopted the Global Plan of Action, decided to appraise in 2013 the progress made in the implementation of the Plan of Action. The Assembly, in its resolution 67/190, recalled that decision. The first appraisal took place from 13 to 15 May 2013 in the form of a high-level meeting of the General Assembly, with organizational and substantive support by UNODC.

As set out in document E/CN.7/2015/2-E/CN.15/2015/2, paragraphs 23-27, and in line with the Global Plan of Action, UNODC continued, within existing resources, its work to fight trafficking in persons, including through prevention activities, data collection, policy development, technical assistance and the promotion of inter-agency cooperation. In particular, in November 2014, UNODC published a new edition of the *Global Report on Trafficking in Persons*. UNODC also continued to act as the coordinator of the Inter-Agency Coordination Group against Trafficking in Persons and to provide secretariat services to the Group. The activities of the Inter-Agency Coordination Group in the reporting period included regular in-person meetings and the organization of public events in the margins of intergovernmental meetings, as well as substantive work on a series of policy papers addressing key policy challenges, including the 2014 paper entitled "Preventing trafficking in persons by addressing demand".
